HARGER LIGHTNING & GROUNDING

Attn: Mark Harger
301 Ziegler Drive
Grayslake, IL. 60030

To the Whole Staff @ Harger,

During my recent visit to your facility and training class, I saw an amazing group of people that loved what they do and believed in it. This type of dedication is very hard to find these days. I'm happy to have participated in this endeavor with your company. I learned about Lightning Protection Installation during the class instruction and about the Partnership with your company. Mr. Harger was one of the best hands-on, funny, smart, and knowledgeable people that I've had the pleasure meeting in a long time. Your facility is remarkable and efficient along with the supporting staff. My company looks forward to working with Harger on ALL my Lightning Protection needs in the future. Harger, is truly a Partner that I recommend to anyone trying to install Lightning Protection on projects.

Many Thanks,

Steve Perry
