

### 226BM18 Right Angle to Right Angle Thru-Roof/Wall Assembly

#### Description

---

- Aluminum right angle to copper right angle connection with 18" riser bar length
- Features include 1/2" diameter threaded rod, neoprene sealing washers, and stainless steel jam nuts to assure a watertight installation

#### Application

---

- Thru-roof or thru-wall connectors are used when making roof or wall penetrations because of the difficulty in sealing stranded lightning conductor cables
