

### **A22518 Right Angle to Straight Thru-Roof/Wall Assembly**

#### **Description**

---

- Aluminum right angle to aluminum straight connection with 18" riser bar length
- Features include 1/2" diameter threaded rod, neoprene sealing washers, and stainless steel jam nuts to assure a watertight installation

#### **Application**

---

- Thru-roof or thru-wall connectors are used when making roof or wall penetrations because of the difficulty in sealing stranded lightning conductor cables
