

### **U219TR-6 Horizontal to Flat Surface Thru-Roof Assembly**

#### **Description**

---

- Copper right angle to copper flat surface connection with 6" riser bar length
- Features include 1/2" diameter threaded rod, neoprene sealing washers, and stainless steel jam nuts to assure a watertight installation

#### **Application**

---

- Thru-roof or thru-wall connectors are used when making roof or wall penetrations because of the difficulty in sealing stranded lightning conductor cables
