# **HARGROUND**

## **HIGH COMPRESSION CONNECTIONS**

Safety Training and Certification

This hands-on training provides your team with understanding of Harger's HarGround High Compression Connections. The compression process is a means of making permanent electrical connections. Proper training is essential for safely making high quality electrical connections.

## **SAFETY FIRST**

\*\*You are ultimately responsible for your own safety and safety of others\*\*

Topics covered include:

- Definition and benefits
- Proper handling of materials and tools
- Installation and inspection
- SAFETY and required PPE

**Attendees gain 3-year Manufacturer's Certification**

## How Do You Get Started?

- Schedule your class today!
- Work with your Harger Sales Representative to schedule a training.
- Request at [HargerUniversity.com](http://HargerUniversity.com)

## Things to Know

- Duration of class is dependent on number of attendees.
- Upon completion of training, attendees must pass a digital test to obtain certification.
- Individual digital certifications will be sent after successful class completion.
